DIVERSIFIED PLASTICS INC. ADDS NEW ROTATIONAL MOLDING OVEN

Latta, SC- April 4, 2019 - Diversified Plastics Inc., a leading international rotational molder based out of Latta, South Carolina, adds a new rotational molding oven Model #4600 from Ferry Industries to their facility.

The new rotational molding oven will be used to create various Diversified Plastics, Inc. products, such as material handling carts and recycling containers. The implementation of a new rotational molding oven will increase productivity and allow DPI to produce larger sized products for a variety of their plastic products. This new equipment is necessary for production because DPI recently introduced a new product line of plastic steps that can be used for spas, pools, boats, and workshops. and a 3 yard plastic dumpster for the Trash industry.

Other benefits of the new rotational molding oven for Diversified Plastics, Inc. include improved operational efficiencies, increased production capacity, increased and consistent uptime, energy efficiency, and cost savings.

“We are eager to introduce this new, cutting-edge rotational molding technology to our facility. The new rotational molding oven will help us to manufacture our plastic products more efficiently and allow us to expand our product lines.” states Tommy Wallace, President of Diversified Plastics.

Since 1976, Diversified Plastics has been the leading rotational molding manufacturer of custom and standard plastic material handling carts and storage containers. DPI specializes in material handling carts for the industrial, textile, hospitality, laundry, agricultural and marine industries, plus waste and recycling plastic containers for restaurants, sports venues and stadiums, apartment and condominium complexes, plus corporate offices.

In addition to providing custom material handling solutions and waste containers for any application, DPI’s diverse product assortment includes bulk material handling carts, plastic utility carts, laundry carts, bulk containers, tote boxes, round containers, spring platform trucks, elevated carts, easy access carts, tilt trucks, spa and boat steps, and more.
